
PIXEL FANTASY ASSETS and COOKIE CUTTER MZ TEMPLATES End User License Agreement

These assets were created by Caz Wolf, and are available for download on
itch.io:

<https://cazwolf.itch.io/>

These assets follow the
[Creative Commons Attribution 4.0 International \(CC by 4.0\)](#)
license for creating, editing, and redistributing.

Please do not redistribute these assets without linking back to the original
itch.io store page that they were downloaded from, or Caz Wolf's main
profile page.

Please also credit Caz/Caz Wolf if you can.
(I would love to see any projects that you create using the assets!)

Please do not redistribute these assets to parties who have not purchased
them.

I ask that you please DO NOT use these assets for NFTs (non-fungible
tokens), games/projects that make use of NFTs and/or blockchains, or any
other use that would involve these assets with the use of cryptocurrency.

Please do not use these assets for any projects that send a hateful
message, e.g. racism, sexism, transphobia, etc. and please do not use the
assets for any illegal products or purposes.

You are allowed to use these assets in age-rated projects, but please make
sure to clearly convey an age rating to potential users prior to use.

Caz Wolf accepts no responsibility for projects which use these assets that
may damage Caz Wolf's reputation or cause harm to others.
(Please be sensible and be kind.)

If this asset pack contains existing characters or assets from other sources (for example, RPG Maker characters), please also follow their terms of use for using those assets. (Generally, the RPG Maker characters/assets will just require you to own the relevant engine.)

Please direct any questions to my Twitter or Discord server, which can be found on my main itch profile page.

Terms for PIXEL FANTASY RPG ICONS - RPG Maker MV/MZ RTP Replacement:

This asset pack may be used freely in non-commercial games. For commercial usage, the user must purchase the relevant asset pack from Cazwolf's store. For example, in order to use potion icons, the user must own Pack 1.

**Thank you so much for downloading, and
please enjoy the assets!**

(sorry for the scary-sounding terms - please feel free to message me if there's something you don't understand, and I am more than happy to help you!)
